Since the beginning of his existence, CIOFF® is interested by the identification of the style of traditional programs on the stage. In October 1985 through an International Conference of experts in Fribourg – Switzerland, a first classification was adopted. During the World Congress 2005 of CIOFF® in South Africa, a workshop was devoted at this question and a general consultation followed this first exchange. Finally, a working group has established a new version of the definitions of the traditional programs on the stage, taking in consideration the content and the styles of expression.

Definition of traditional programs on the stage

Intangible cultural heritage should be considered as a progressive process of which the main characteristics are creative activities based on tradition.

From this point on, in order to define programs presented by ensembles of traditional expression, it is necessary to specify at the same time contents and style of expression.

CROACIA - In Baranja, the masked participants of the carnival are called buše.
Photo CIOFF® Croatia

In accordance with the definition of the Convention of Safeguarding of the Intangible Cultural Heritage of UNESCO, a program will be considered as representing traditional culture if its content comes from or is inspired by intangible cultural heritage, namely:

- transmitted from generation to generation
- constantly re-created by communities and groups in response to their environment, their interaction with nature and their history
- provides a sense of identity and continuity
- promotes respect of cultural diversity and human creativity

To serve the cause of traditional culture the ensembles choose a style and a way of expression. In accordance with its main activity, which is the organization of

festivals of traditional culture, CIOFF® wishes to define the styles of expression through song, music and dance as outlined below:

A program will be considered as **representing authentic expression**:

- if the content is regional
- if the costumes are authentic or faithfully reconstructed
- if music and dance are presented without arrangement

A program will be considered as **representing elaborated expression**:

- if the content covers a number of regions
- if the elements of costumes are adapted
- if the music is harmonized and the elements of dance modified
- if the creation of new dances uses traditional and authentic elements.

A program will be considered as **representing stylized expression**:

- if the content draws its inspiration from the traditional culture of its country
- if the costumes are re-created for the needs of the stage
- if the music and the elements of dance are adapted and re-created to meet the needs of a modern scenic transposition
- if the creation of new dances and music uses traditional elements to represent the creative ideas of the choreographer and the musician.

Définition des programmes traditionnels sur scène

Le patrimoine culturel immatériel doit être considéré comme un processus évolutif dont une des principales caractéristiques est l'activité créatrice basée sur la tradition.

Dès lors, pour définir les programmes présentés sur scène par les ensembles d'expression traditionnelle, il convient de préciser à la fois le contenu et le style d'expression.

PANAMA - Ritual mask - Devil Congo - Groups of people of African descent - Province of Colon.

Photo CIOFF® Panamá

Conformément à la définition de la Convention sur la sauvegarde du patrimoine culturel immatériel de l'UNESCO, un programme sera considéré comme de culture

traditionnelle si son contenu provient ou est inspiré du patrimoine culturel immatériel :

- transmis de génération en génération
- recréé en permanence par les communautés et les groupes en fonction de leur milieu et de leur interaction avec la nature et de leur histoire
- procurant aux communautés et aux groupes un sentiment d'identité et de prospérité
- contribuant ainsi à promouvoir le respect de la diversité culturelle et la créativité humaine.

Pour servir la cause de la culture traditionnelle, les ensembles choisissent un style et un moyen d'expression. En fonction de ses activités principales, dont l'organisation de festivals de culture traditionnelle, le CIOFF® souhaite définir les styles d'expression à travers le chant, la musique et la danse.

Un programme sera considéré comme d'**expression authentique** :

- si le contenu est régional
- si le costume est authentique ou fidèlement reconstruit
- si la musique et la danse sont présentées sans aucun arrangement

Un programme sera considéré comme d'**expression élaborée** :

- si le contenu couvre plusieurs régions
- si les éléments du costume ont été adaptés
- si la musique a été harmonisée et les éléments de danses modifiés
- si la création de nouvelles danses utilise des éléments traditionnels authentiques.

Un programme sera considéré comme d'**expression stylisée** :

- si le contenu s'inspire de la culture traditionnelle de son pays
- si les costumes sont recréés pour les besoins scéniques
- si la musique et les éléments de danse sont adaptés ou recréés pour les besoins d'une transposition scénique moderne
- si la création de nouvelles danses utilise des éléments traditionnels pour présenter la propre idée créatrice du chorégraphe et du musicien.

Definition traditioneller Programme auf der Bühne

Das immaterielle Kulturerbe soll als ein progressiver Prozess betrachtet werden, von dem die wichtigsten Charakteristiken kreative Aktivitäten sind, die auf Tradition basieren.

Deshalb ist es gleichzeitig notwendig, den Inhalt und Ausdruckstil zu bestimmen um die präsentierten Programme von traditionellen Tanzensembles zu definieren.

Im Einklang mit den Richtlinien der UNESCO-Konvention zur Bewahrung des immateriellen Kulturerbes, verkörpert ein Programm eine kulturelle Tradition, wenn sein Inhalt von einem immateriellen Kulturerbe kommt oder von ihm inspiriert ist und wenn es:

- von Generation zu Generation übertragen wird
- ständig von der Gesellschaft und Gruppen wiederhergestellt wird, in der Antwort auf ihr Lebensumwelt, die Einwirkung der Natur und ihre Geschichte
- einen Sinn für Identität und Kontinuität bereitstellt
- den Respekt der Kulturvielfalt und menschlicher Kreativität fördert

Um den kulturellen, traditionellen Anlässen zu dienen, wählen die Ensembles eine Ausdrucksform. In Übereinstimmung mit seiner Hauptaktivität, der Organisation von traditionellen Kulturveranstaltungen, möchte der CIOFF® die Ausdruckstile von Liedern, Musik und Tänzen folgendermaßen beschreiben:

Ein Programm wird als **authentische Ausdrucksform** bezeichnet, wenn:

- sein Inhalt regional ist
- die Trachten authentisch oder originalgetreu nachgeschneidert sind
- die Musik und der Tanz ohne Arrangements präsentiert werden

Slovenian Kurent

Photo CIOFF® Slovenia, Photographer Rado Škrjanec

Ein Programm wird als **bearbeitete Ausdrucksform** bezeichnet, wenn:

- sein Inhalt mehrere Regionen erfasst
- Elemente der Trachten angepasst sind
- die Musik harmonisiert ist und Tanzelemente modifiziert sind
- es sich um neue Tanzkreationen handelt, die traditionelle und authentische Elemente besitzen

Ein Programm wird als **stilisierte Ausdrucksform** bezeichnet wenn:

- der Inhalt inspiriert ist von der traditionellen Kultur des Landes
- die Trachten der Bühnenvorstellung angepasst sind
- die Musik und Tanzelemente der Notwendigkeit moderner Bühnenszenierung angepasst sind
- die Musik und die neuen Tanzkreationen traditionelle Elemente benutzen, die den kreativen Ideen der Choreographen und Musikanten Ausdruck geben

Definición de programas tradicionales en escena

El Patrimonio Cultural Inmaterial debe considerarse como un proceso progresivo, que posee entre sus elementos más importantes, las actividades creativas basadas en la tradición.

Por tanto, para definir los programas realizados por los cuerpos de bailes tradicionales, es necesario especificar al mismo tiempo contenidos y estilos de expresión.

De conformidad con la definición de la Convención de la UNESCO para la Salvaguardia del Patrimonio Cultural Inmaterial, un programa será considerado de cultura tradicional si su contenido proviene o es inspirado por un patrimonio cultural inmaterial:

- Transmitido de generación en generación
- Constantemente recreado por comunidades y grupos motivados por su entorno, su interacción con la naturaleza y su historia
- Proporcionándoles un sentido de identidad y continuidad
- Que promueva el respeto por la diversidad cultural y la creatividad humana

En aras de servir a la causa de la cultura tradicional, los cuerpos de baile elijen un estilo y una forma de expresión. De acuerdo con su actividad principal, que es la organización de festivales de cultura tradicional, CIOFF® desea definir el estilo de expresión a través de canciones, música y danza

Un programa será considerado de **expresión auténtica**:

- Si el contenido es regional
- Si los trajes son auténticos o adaptados adecuadamente
- Si la música y la danza no incluyen arreglos

Un programa será considerado de **expresión elaborada**:

- Si el contenido cubre varias regiones
- Si los elementos de vestuario son adaptaciones
- Si la música es armonizada y los elementos de danza modificados
- Si se trata de la creación de nuevas danzas utilizando elementos tradicionales y auténticos

Un programa será considerado de **expresión estilizada**:

- Si el contenido está inspirado por la cultura tradicional del país
- Si el vestuario es recreado para la puesta en escena
- Si la música y los elementos de la danza son adaptados y recreados por necesidad de una moderna transposición escénica.
- Si la creación de nuevas danzas y música utiliza elementos tradicionales para presentar una idea creativa producida por coreógrafos y músicos

2020: 50 th Anniversary of CIOFF® - 75 th Anniversary of UNESCO

In the year 2020 we are celebrating 2 very important anniversaries:

75 years ago, the UN agency UNESCO was created to promote education, science and culture as key elements for development, prosperity, mutual understanding, tolerance and peace in the whole world. Today 193 states are participating in implementing many different Conventions in their governments and also involving social society – NGOs.

50 years ago, CIOFF® was born in Confolens (France) by Henri Coursaget as an NGO to provide a network for international folklore festivals and promote traditional art all over the world. CIOFF® developed through many Congresses, Forums, Cultural Conferences, Folkloriadas and many other cultural events to the NGO with a very visible aim to safeguard, promote and present all forms of Intangible Cultural Heritage.

In 2003 UNESCO voted a new Convention for Safeguarding and promoting Intangible Cultural Heritage - CIOFF® recognized the role of NGOs in this Convention and its own role in the implementation of above-mentioned Convention on international, national and local level. After having obtained the official partnership with UNESCO and accreditation to provide services to the UNESCO ICH Committee CIOFF® adopted a new Strategy and Cultural Policy to incorporate and serve better the UNESCO aims in CIOFF® work. We realised that CIOFF® international festivals are representing the worldwide contribution to safeguard living traditions and together with other cultural activities CIOFF® is a real partner of promoting most important UNESCO aims – building peace in the world of today and tomorrow.

The Organization of the CIOFF® Flagship event – CIOFF® International Festival in UNESCO headquarter every year is also one important event done together.

This is the reason why the two Anniversaries can be celebrated together with a lot of best wishes for CIOFF® and UNESCO for a better cooperation in the future!

CIOFF® President – Vice President of the NGO-UNESCO Liaison Committee

2020: 50ème anniversaire du CIOFF® – 75ème anniversaire de l'UNESCO

En 2020, nous célébrons 2 anniversaires très importants:

L'agence des Nations Unies, l'UNESCO a été créée il y a 75 ans pour promouvoir l'éducation, la science et la culture en tant qu'éléments essentiels du développement, de la prospérité, de la compréhension mutuelle, de la tolérance et de la paix dans le monde entier. Aujourd'hui, 193 États participent à la mise en œuvre de nombreuses conventions différentes dans leurs gouvernements et impliquent également la société civile - les ONG.

Il y a 50 ans, le CIOFF® était créé à Confolens (France) par Henri Coursaget en tant qu'ONG pour établir un réseau puissant de festivals de folklore internationaux et promouvoir l'art traditionnel dans le monde entier. Le CIOFF® s'est développé à travers l'ONG dans le cadre de nombreux congrès, forums, conférences culturelles, Folkloriadas et de nombreux autres événements culturels visant à sauvegarder, promouvoir et présenter toutes les formes de patrimoine culturel immatériel.

En 2003, l'UNESCO a voté une nouvelle convention pour la sauvegarde et la promotion du patrimoine culturel immatériel - le CIOFF® a été reconnu pour son rôle d'ONG culturel dans cette convention et son propre rôle dans l'application de la convention susmentionnée aux niveaux international, national et local. Après avoir obtenu le partenariat officiel avec l'UNESCO et l'accréditation pour fournir des services au Comité du PCI de l'UNESCO, le CIOFF® a adopté une nouvelle stratégie et une nouvelle politique culturelle pour mieux intégrer les objectifs de l'UNESCO aux travaux du CIOFF®. Nous nous sommes rendu compte que les festivals internationaux du CIOFF® représentent la contribution mondiale pour la sauvegarde des traditions vivantes et, avec d'autres activités culturelles, le CIOFF® est un véritable partenaire de la promotion des objectifs les plus importants de l'UNESCO - Construire la paix dans le monde d'aujourd'hui et de demain.

L'organisation de l'événement phare du CIOFF® - Le Festival international du CIOFF® organisé chaque année au siège de l'UNESCO est également un événement important qui est organisé conjointement.

C'est la raison pour laquelle les deux anniversaires peuvent être célébrés en même temps, meilleurs vœux pour le CIOFF® et l'UNESCO avec l'objectif d'une plus grande coopération entre l'UNESCO et le CIOFF® à l'avenir!

Hoy, 193 estados participan en la implementación de muchas convenciones diferentes en sus gobiernos y también involucran a la sociedad civil - ONG.

Hace 50 años, CIOFF® nació en Confolens (Francia) creado por Henri Coursaget como una ONG para proporcionar una red de festivales internacionales de folklore y promover el arte tradicional en todo el mundo. CIOFF® ha desarrollado muchos congresos, foros, conferencias culturales, folkloriadas y muchos otros eventos culturales con un objetivo muy visible, salvaguardar, promover y presentar todas las formas de patrimonio cultural inmaterial.

En 2003, la UNESCO votó una nueva Convención para salvaguardar y promover el Patrimonio Cultural Inmaterial: CIOFF® reconoció el papel de las ONG en esta Convención y su propio papel en la implementación de la Convención mencionada a nivel internacional, nacional y local. Después de haber obtenido la asociación oficial con la UNESCO y la acreditación para proporcionar servicios al Comité UNESCO ICH, CIOFF® adoptó una nueva Estrategia y Política Cultural para incorporar y servir mejor los objetivos de la UNESCO en el trabajo de CIOFF®. Nos dimos cuenta de que los festivales internacionales de CIOFF® representan la contribución mundial para salvaguardar las tradiciones vivas y junto con otras actividades culturales, CIOFF® es un verdadero socio para promover los objetivos más importantes de la UNESCO: construir la paz en el mundo de hoy y del mañana.

La organización del evento emblemático CIOFF® El Festival Internacional CIOFF® en la sede de la UNESCO cada año, es también un evento importante realizado en conjunto.

¡Esta es la razón por la cual los dos Aniversarios se pueden celebrar junto con muchos mejores deseos para CIOFF® y la UNESCO para una mejor cooperación en el futuro!

Philippe Beaussant

Presidente de CIOFF® - Vice Presidente del Comité de Enlace ONG-UNESCO

2020: 50. Jahrestag des CIOFF® - 75. Jahrestag der UNESCO

Im Jahr 2020 feiern wir 2 sehr wichtige Jubiläen:

Vor 75 Jahren wurde die UNO-Sonderorganisation UNESCO gegründet, um Bildung, Wissenschaft und Kultur als Schlüsselemente für Entwicklung, Wohlstand, gegenseitiges Verständnis, Toleranz und Frieden in der ganzen Welt zu fördern. Heute beteiligen sich 193 Staaten an der Umsetzung vieler verschiedener Konventionen in ihren Regierungen und beziehen auch die soziale Gesellschaft - NGOs - mit ein.

Vor 50 Jahren wurde der CIOFF® in Confolens (Frankreich) von Henri Coursaget als NGO gegründet, um ein Netzwerk für internationale Folklorefestivals zu schaffen und die traditionelle Kunst in der ganzen Welt zu fördern. CIOFF® entwickelte sich durch viele Kongresse, Foren, Kulturkonferenzen, Folkloriadas und viele andere kulturelle Veranstaltungen zu der NGO mit dem sehr sichtbaren Ziel, alle Formen des Immateriellen Kulturerbes zu schützen, zu fördern und zu präsentieren.

Im Jahr 2003 stimmte die UNESCO für eine neue Konvention zum Schutz und zur Förderung des Immateriellen Kulturerbes - CIOFF® erkannte die Rolle der NGOs in dieser Konvention und seine eigene Rolle bei der Umsetzung der oben genannten Konvention auf internationaler, nationaler und lokaler Ebene an. Nachdem CIOFF® die offizielle Partnerschaft mit der UNESCO und die Akkreditierung zur Erbringung von Akkreditierung zur Beratung des UNESCO ICH-Komitees erhalten hatte, nahm es eine neue Strategie und Kulturpolitik an, um die Ziele der UNESCO in die Arbeit des CIOFF® einzubeziehen und ihnen besser zu dienen. Wir haben erkannt, dass die internationalen CIOFF® Festivals den weltweiten Beitrag zur Bewahrung lebendiger Traditionen darstellen und dass CIOFF® zusammen mit anderen kulturellen Aktivitäten ein echter Partner bei der Förderung der wichtigsten Ziele der UNESCO ist - der Schaffung von Frieden in der Welt von heute und morgen.

Die Organisation des CIOFF®-Flaggschiffs Events - das Internationale CIOFF®-Festival im UNESCO-Hauptquartier - ist ebenfalls eine wichtige gemeinsame Veranstaltung.

Aus diesem Grund können die beiden Jubiläen gemeinsam gefeiert werden, mit vielen guten Wünschen für CIOFF® und UNESCO für eine bessere Zusammenarbeit in der Zukunft!
